

PROJECT UPDATES

Gentilly Terrace North Group B / Gentilly Terrace Group E

The **Gentilly Terrace North Group B** and **Gentilly Terrace Group E** joint infrastructure construction projects with the City of New Orleans' Department of Public Works and Sewerage and Water Board are performing adjacent construction work in your neighborhood that will result in ongoing and intermittent roadway closures.

The current and upcoming closures for July – August 2024 are being coordinated and will be shared in combined Project Updates for the duration of these projects. The closures reflected on the map below are subject to change as utility repairs and roadway restoration allow roadways to re-open. Closures on this map include both partial lane and full lane closures, as well as upcoming closures which will be noticed via neighborhood canvassing.

During this time there will be large trucks and heavy equipment hauling materials in the area. Public safety is our priority; residents and commuters are reminded to use caution when driving, bicycling and walking near the construction site.
