About the Project

This weekend work is part of the approximately **\$12.7M Lake Vista Group D** joint infrastructure project with the City of New Orleans' Department of Public Works and Sewerage and Water Board of New Orleans.

Once complete, residents will experience an overall improved quality of life as the project will improve drainage, repair streets, curbs and sidewalks and install new Americans with Disabilities Act (ADA)-compliant curb ramps at intersections. The project is scheduled to be completed in fall 2024.
