About the Project

This temporary disruption of services is part of coordinated work for the **\$4.4M Plum Orchard Group C** joint infrastructure project with the City of New Orleans' Department of Public Works and Sewerage and Water Board of New Orleans.

Once complete, residents will experience an overall improved quality of life as this project will replace damaged underground water, sewer and drainage lines, repave the roadway, replace damaged sidewalks and driveway aprons, and install Americans with Disabilities Act (ADA)-compliant curb ramps at intersections. This project is scheduled to be completed in the Spring of 2024.
