About the Project

This temporary disruption of services is part of the **\$9.5M Read Blvd East Group F** joint infrastructure project with the City of New Orleans' Department of Public Works and Sewerage and Water Board of New Orleans.

Once complete, residents will experience an overall improved quality of life as the project will replace damaged portions of concrete with new concrete, repair damaged sidewalks and driveway aprons, install ADA compliant curb ramps at intersections, and replace/repair damaged underground water, sewer and/or drainage lines. The project is scheduled to be completed in the Fall of 2023.
