

Project Update: St. Roch Drainage Upgrade  
October 6, 2023

## NOTICE OF CONSTRUCTION

The City of New Orleans Department of Public Works contractor, Command Construction Industries, LLC in conjunction with Sewerage and Water Board of New Orleans will begin work in your area.

Starting immediately and continuing through the next 30 days crews will be testing the waterline on Marigny, Mandeville, and Music. Traffic access on N. Villere St. will be minimal and water may be shut off periodically with notice given to perform tie-ins and testing. Sewer work has begun on N. Villere and this utility installation will continue throughout the subsequent 30 days, drive way access will be restored at the end of the 30 days. This will move block by block so each block will have their driveways restored within 30 days of losing access. N. Villere will be completely shut down to traffic in the blocks of N. Villere

**BEGIN DATE:** Tuesday, October 10, 2023 at 7:00 a.m.

**END DATE:** Friday, November 3, 2023 at 5:00 p.m.

*In general, crews will work between 7 a.m. – 5 p.m. Monday through Friday.*

**WHERE:** 2200-2500 BLOCKS OF NORTH VILLERE ST  
1300-1400 MARIGNY ST  
1300-1400 MANDEVILLE ST  
1300-1400 SPAIN ST  
1300-1400 MUSIC ST  
1300-1400 ARTS ST

### What residents need to do differently?

As this work is being completed, sections of the roadway will be closed to vehicle traffic due to roadway and driveway removal and replacement for repairs. Signage will be posted. **Driveway access will be restored, block by block, upon completion of the sewer work, within 30 days. Each block will lose access then have it restored within 30 days.**

Please move all vehicles off the street before Tuesday, October 10<sup>th</sup>, 2023 at 7:00 AM. **We ask that residents please adhere to no parking signage on the streets. Vehicles parked in these zones will be ticketed and towed.** Additional notice will be given to residents prior to work impacting driveway access.

**U.S. Postal Service and sanitation/recycling** services will continue throughout construction; however, depending on conditions in front of your residence you may be asked to take your garbage and recycling bins to the nearest accessible corner on your normal collection days.

### About the Project

This temporary disruption of services is part of the \$18.5M and St. Roch Drainage Upgrade joint infrastructure project with the City of New Orleans' Department of Public Works and Sewerage and Water Board of New Orleans.

Once complete, residents will experience an overall improved quality of life as the project will alleviate flooding by increasing the capacity of subsurface drainage between local streets and trunk lines, as well as by using green infrastructure options which may include retention/detention basins, street basins, rain gardens, and street side bioswales. The project is scheduled to be completed in Fall 2024.
